"I WEIGH ONLY 98 LBS. – YET I CAN PARALYZE A 200 POUND ATTACKER WITH JUST A FINGER –BECAUSE I KNOW YUBIWAZA!"

. says Yoshie Imanami – Pretty Japanese wife of N.J. Fleming – Yubiwaza Master

I'M A 3rd-DEGREE HOLDER OF THE BLACK BELT—SYMBOL OF HIGH PROFICIENCY IN THE JAPANESE SYSTEM OF SELF-DEFENSE THAT USES NO WEAPONS BUT BARE HANDS. I spent many years in Japan learning these little-known SECRETS. The most amazingly effective of all Self-Defense techniques that stood out in ALL my Japanese Training is contained in my AMAZING new Yubiwaza book – all yours to have if you ACT NOW. YUBIWAZA is the name of a fantastic system of Self-Defense that makes use of an EASY-to-Learn knowledge of vital body areas, and the tecnniques of the use of just ONE Finger or the entire hand to counteract & overcome ANY violent attack. It is commonly known that with the aid of Yubiwaza, young men – and girls, too! – with only a few hours of training, turn back 2 – 3 and even 4 attackers – temporarily DISABLING ONE, putting another to flight making a third howl with pain, while the fourth begges his opponent to stop!

NOW YOU TOO CAN LEARN YUBIWAZA!

The experts in Japan, who know and teach these ONE-finger techniques, have now explained that YUBIWAZA is a centuries-old system of Self-Defense which, is so simple and so effective, that outsiders were never instructed in its use. The system was restricted to Japanese who SWORE to apply these methods only in time of danger and attack by an aggressor. Many of the very techniques in my Yubiwaza book, once highly guarded secrets of the ancient Samurai warriors never shown to outsiders are now shown to you – FIRST time!

EASY – And I am now ready to show you, too. Through clear, easy-to-understand photos, every secret I guarantee to make you a YUBIWAZA specialist in hours—or every cent you paid will be refunded. You don't have to attend my school where I train beginners like you and turn them into experts. Now I can show you how to practice YUBIWAZA in the privacy of your own home with only a few minutes of practice a day. I'll show you how to defend yourself against headlums, bullies, "wise guys" and juvenile delinquents who respect neither lives nor property.

When you apply YUBIWAZA methods, you can put an aggressor down with JUST ONE FINGER! You can disarm an opponent rushing you with his fists, a broken bottle, a revolver, or any kind of bludgeon. You can turn an aggressor's attack into your advantage with only one finger or your bare hands. No matter how "hot" the action gets, YUBIWAZA keeps you "on top." You can apply simple pressure of your finger against any one of a dozen or more vital nerve centers of your opponent and watch his gun or knife fall from his limp hand while he himself sinks to the ground completely helpless and faint. If the neighborhood bully pushes you, you can make him say "uncle" quickly—with the help of YUBIWAZA!

MASTER EVERY SITUATION!

Make no mistake! The world is crowded with cruel, cowardly enemies who think nothing of sticking a knife into the ribs . . . or attacking peace-loving citizens just for the fun of it . . . or molesting boys and girls shamelessly. There is a crying need for a system of self-defense that relies on KNOWLEDGE, not big muscles or strength . . . that depends on TECHNIQUE – not on weight or size of body . . . that is based on simple TRAINING—not on illegal possession of weapons.

When you know YUBIWAZA you can disarm and disable your opponent in seconds. You can repel a mugger who grabs you from behind—no matter how big he is or how much he weighs instantly you know WHERE to attack, and how. You learn the body's major vulnerable regions, the defense or on-guard position to take, and your body's personal weapons which you can apply to maximum advantage. I have jam-packed all I know about YUBIWAZA into my Guide, which I have profusely illustrated and clearly explained. I take you step by step through the fundamentals of this amazing system so that you understand clearly and immediately how these effective principles work. You learn those tricks used by marines, police and G-men . . . how to floor any bully . . . how to touch vital spots that will make any attacker helpless. No matter whether you are big or small, strong or weak, you can overpower practically any opponent with lightning speed!

BECOME A NEW MAN!

Knowledge of YUBIWAZA will turn you into a NEW MAN even if you never actually have to use it! For you will become SELF ASSURED through your ability to handle yourself. You will walk with a determined and confident air aware with the knowledge that NOTHING can frighten you . . . that you can deal with ANY man, ANY weapon, ANY situation—and that you can do all this with NO bodily contact! And you will win respect and admiration from everyone.

Thousands of men of all ages have won confidence and respect by learning YUBIWAZA. YOU can do the same! You owe it to your own peace of mind . . . to your friends and loved ones—to be able to defend yourself in these days when attack may come at any time and place from headlums, criminals and delinquents. So mail Coupon NOW for my COMPLETE instruction on YUBIWAZA. If you and your friends don't say that YUBIWAZA has made a NEW MAN out of you, every cent will be refunded!

"A FRIENDLY FACE?"

TWO HEROES

When we think of our forces fighting during the Revolutionary War there is a tendency to see only the "Redocats" as our enemy. We forget that we also had to fight the Tories and the Indians. In the year 1779, General Sullivan conducted an expedition against the Indians in the western part of New York State. We have a first hand account of what took place: For in the year 1824, John Salmon who was with that expedition either dictated or wrote an account of what happened. So here it is:

"In the autumn after the battle of Manmouth (1778), Morgan's riflemen to which corps I belonged, marched to Schoharie in the state of New York and there went into winter quarters. The company to which I was attached was commanded by Capt. Michael Simpson. And Thomas Boyd of Northumberland county. Pennsylvania, was our Lieutenant.

In the following spring, our corps together with the whole body of troops under the command of General Clinton to the amount of 1500, embarked in boats at Schenectady, and ascended the Mohawk as far as German Flats. Thence we took a direction to Otsego Lake. Descended the Susquehanna and without any remarkable occurrence arrived at Tioga Point. Where our troops united with an army of 1500 men under the command of General Sullivan who marched through a part of New Jersey. And had reached that place by way of Wyoming some days before us.

That part of the army under General Sullivan had on their arrival at Tioga Point found the Indians in some force there. And with whom they had some unimportant skirmishes before our arrival. Upon the junction of these two bodies of troops, General Sullivan assumed the command of the whole. And proceeded up the Tioga. When within a few miles of the place now called Newtown, we were met by a body of Indians. And a number of troops well known in those times by the name of Butler's Rangers, who had thrown up hastily a breastwork of legs, trees, etc. They were however easily driven from their works with considerable less on their part and without any injury to our troops. The enemy fled with so much precipitation that they left behind them some stores and camp equippage.

They retreated but a short distance before they made a stand. And built another breastwork of considerable length in the woods near a small opening. Sullivan was soon apprized of their situation. Divided his army and attempted to surround by sending one half to the right and the other to the left. With directions to meet on the opposite side of the enemies. In order to prevent their retreating he directed bombshells to be thrown over them. Which was done. But on the shells bursting the Indians suspected that a powerful army had opened a heavy fire upon them on that side. And fled with the utmost precipitation through one wing of the surrounding army. A great number of the enemy were killed and our army suffered considerably.

The Indians having in this manner escaped, they went up the river to a place called the Narrows. Where they were attacked by our men who killed them in great numbers. So that the sides of rocks next the river appeared as though blood had been poured on them by the pailfuls. The Indians threw their dead into the river and escaped the best way they could.

From Newtown our army went directly to the head of the Seneca Lake. Thence down that lake to its mouth where we found the Indian village at that place evacuated. Except by a single inhabitant-a male child about seven or eight years of age. Who was found asleep in one of the Indian huts. It's fate I have never ascertained. It was taken into the care of an Army officer who on

account of ill health was not on duty. And who took the child with him, as I have since understood, to his residence on or near the North river.

From the mouth of Seneca lake we proceeded without the occurrence of anything of importance, by the outlets of the Canandaigua Honeoye, and Hemlock lakes, to the head of Connissius lake. Where the army encamped on the ground that is now called Henderson's Flats. Soon after the army had encamped, at the dusk of the evening, a party of twenty-one men under the command of Lieutenant Boyd was detached from the rifle corps. And sent out for the purpose of reconnoitering the ground near the Genesee river. At a place now called Williamsburg, a distance from the camp of about seven miles. Under the guidance of a faithful Indian pilot. That place was then the site of an Indian village. And it was apprehended that the Indians and Rangers might be there or in that vicinity in considerable force.

On the arrival of the party at Williamsburg, they found the Indian village had been recently deserted as the fires in the huts were still burning. That night was so far spent when they got to their place of destination that Lieutenant Boyd, considering the fatigue of his men, concluded to remain during the night near the village. And to send two men messengers with a report to the camp in the morning. Accordingly a little before day-break, he dispatched two men to the main body of the army with information that the enemy had not been discovered.

After day-break, Lieutenant Boyd cautiously crept from the place of his concealment. And upon getting a view of the village discovered two Indians hovering about the settlement. One of whom was immediately shot and scalped by one of the riflemen whose name was Murphy. Supposing that if there were Indians in that vicinity or near the village they would be instantly alarmed by this occurrence, Lieutenant Boyd thought it most prudent to retire. And make the best of his way to the general encampment of our army. They accordingly set out and retraced the steps which they had taken the day before. Till they were intercepted by the enemy.

On their arriving within about one mile and a half of the main army they were surprised by the sudden appearance of a body of Indians. To the amount of five hundred under the command of the celebrated Brandt. And the same number of Rangers commanded by the infamous Butler, who had secreted themselves in a ravine of considerable extent, which lay across the track that Lieutenant Boyd had pursued. Upon discovering the enemy, and knowing that the only chance for escape was by breaking through their line-one of the most desperate enterprizes ever undertaken-Lieutenant Boyd, after a few words of encouragement, led his men to the attempt. As extraordinary as it may seem, the first onset, though unsuccessful, was made without the loss of a man on the part of the heroic band. Though several of the enemy were killed

Two attempts more were made which equally unsuccessful. And in which the whole party fell, except Lieutenant Boyd and eight others. He and a soldier by the name of Parker were taken prisoners on the spot. A part of the remainder fled and a part fell on the ground, apparently dead and were overlooked by the Indians. Who were too much engaged in pursuing the fugitives to notice those who fell. When Lieutenant Boyd found himself a prisoner, he solicited an interview with Brandt whom he well knew commanded the Indians. This was granted and Brandt assumed him that his life should be spared.

Lieutenant Boyd and his fellow-Prisoner, Parker were immediately conducted by a part of the Indians to the Indian village called Beard's Town. On the west side of the Genesee river in what is now called Leicester. He was left in the care of the British Col. Butler. Who as soon as Brandt left commenced an interrogation. To obtain from the prisoners a statement of the number, situation, and intentions of the army under General Sullivan. And threatened them. in case they hesitated or lied in their answers, to deliver them up immediately to be massacred by the Indians. Who in Brandt's absence, and with the encouragement of their more savage commander, Butler, were ready to commit the greatest cruelties. He refused and so did his companion. They were delivered to some of their most ferocious enemies. Who after having put them to very severe torture, killed them by severing their heads from their bodies.

The main army, immediately after hearing of the situation of Lieutenant Boyd's detachment, moved on towards Genesee river. And finding the bodies of those who were slain in Boyd's heroic attempt to penetrate the enemy's line, buried them in what is now the town of Groveland. Where the grave is to be seen at this day. Upon their arrival at the Genesee river, they crossed over, scoured the country for some distance on the river. Burnt the Indian villages on the Genesee flats. And destroyed all their corn and other means of susbistence.

The bodies of Lieutenant Boyd and Parker were found and buried near the bank of Beard's creek. I was one of those who committed to earth the remains of those gallant men. The foregoing account according to the best of my recollection is strictly correct."

NEW DISCOVERY IN HYPNOTISM

shows how to hypnotize in 30 seconds!

Yes, an amazing new method has been developed to bring on quick, easy induction of the hypnotic trance. Now, for the first time, you too can benefit from this recent discovery in hypnotic induction.

QUICK RESULTS

Want to hypnotize your friends? Your club members? HOW TO HYPNOTIZE is a remarkable primer that shows you just how to master the latest improved induction methods. The author, a widely experienced hypnotist and consultant, gives you the exact positions to take, the precise phraseology, all the steps necessary to hypnotize even the most difficult subjects.

EXCLUSIVELY in How to HYPNOTIZE

ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed ENTIRELY NEW METHODS that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in HOW TO HYPNOTIZE in language that you can easily and successfully follow on the very first reading!

SHOWS YOU STEP BY STEP

This book — which has been acclaimed by doctors and psychologists — is guaranteed to give you all the know-how necessary to induce the trance state in others. It not only explains the latest discoveries in hypnotic induction, but it shows step by step, move by move, exactly how to bring on the trance; how to transform the trance into deeper and still deeper states; and how to terminate the trance quickly and effectively without any dangers whatsoever You are even given alternative methods, so that you can actually chose the one that suits you best.
